ENCLOSURES (NO. & TYPE)

REMARKS

25X1

1. The airfield is 6 km east-northeast of Chynorany Partyzanske formerly called Batovany, (P 49/T 75), between the railroad line and the Nitra River. The field is level and about 800 x 1,500 meters. Its loamy soil has a broken stone layer and is covered with grass. Some temporary wooden buildings, used as workshops, and a brick hangar about 15 x 40 meters were at the field. *
2. The field was occupied by about eight aircraft of Aero-45, Sokol, Nordsman, Cap, and Piper types, which belonged to the Partyzanske factory. Contest gliding at the field was conducted by the Aeroclub. **
3. There was intensive flying activity at the field throughout the year. **

25X1

* Comment. The information on the size and location of the field is correct. The status of the field, the brick hangar and temporary wooden buildings are reported for the first time.

25X1

25X1

** Comment. The field is apparently used by sports planes. According to press reports, the field was opened on 24 August 1947.
